

## Reusable Cup T's & C's

- We accept any reusable cup, any size, as long as it has a secure lid - we're not fussy.
- When your barista takes your order, remove the lid of your reusable cup and keep hold of it whilst you hand them the rest of your cup.
- We always welcome clean cups, but don't worry if it's not completely empty, the team will be happy to rinse your cup should you need them to do so.
- When your drink is ready, your barista will sit your cup on the counter for you to place your lid back on your cup to take away and enjoy.
